About the book *21 Layers of the Soul*

You're on a spiritual journey. You know that the answers to life's big questions lie somewhere within the depths of your soul. But how can you connect with your soul and tap into its divine wisdom? If only you had some sort of inner guidance system—an internal 'GPS'—to help you navigate back to the right path.

21 Layers of the Soul can help you tap into and master that inner GPS. In this book, author Annemiek Douw MSc shares more than 100 case histories gathered over 15 years of healing work. During this time she discovered the 21 layers of the aura—something never before revealed in any other healing book. Meticulously analyzed and defined, Annemiek shows us how exploring these layers can provide us with a clear *blueprint* of the intricate system that leads us to incarnate on the Earth.

If you're finally ready to unravel mysteries that have perplexed you for decades—or perhaps even lifetimes—and regain the peace and ease you so dearly desire in life, pick up *21 Layers of the Soul* and start to navigate the wonderful journey back to your Self.
